TATA
TOYOTA
VINFAST
VOLKSWAGEN
WULING

**WE ARE CELEBRATING OUR
10th YEARS ANNIVERSARY FROM
7 – 9 DECEMBER 2021
IN MIROS**

7 DECEMBER 2021

- Start with the 6th International Conference Sustainable Mobility (**ICSM**) organized by SAE Malaysia. This will includes presentation from ASEAN NCAP Collaborative Holistic Research (**ANCHOR**) III project papers.
 - <https://icsm2021.saemalaysia.org.my/>
- MIROS will organize MIROS – Road Transport Department (RTD) workshop as parallel session discussing on New and Current Legislation procedures.
- SAEM International Innovation Exhibition 2021 – starts on 7th December
 - www.saemiie.com
- Another parallel session is 2021 ASEAN Crash Summit coordinated by MIROS & SAE Malaysia.
 - You're invited to participate – showcase your crash testing product here!

Word from Secretary General

Ir. Ts. Dr. Khairil Anwar bin Abu Kassim,
Adjunct Professor

As ASEAN NCAP Inspector and Secretary General, I have worked with the crash test equipment and have seen how they are imperative in our safety assessment work. In conjunction with our 10th anniversary, we would like to share the products and equipment that have assisted us in elevating the safety performance of new vehicles sold in the ASEAN market. This Summit will be the best platform to have all our partners to showcase their products and services to potential collaborators and most importantly to the public. I look forward to have your presentations in this Summit as we work together to encourage more safer vehicles in the South East Asia region.

www.aseanncap.org

The crash tests that ASEAN NCAP conducted for the past decade have unravelled remarkable results to show how vehicles protect the occupants in a crash. However, not many knew the equipment needed and the works behind the tests. As such, crash laboratory manufacturers and suppliers are invited to participate in this Summit to take the opportunity to promote your crash-related products and services to our audiences. Your participation can either be in video presentation, products promotional video or sharing of marketing brochures (e-copy). Upon completion of the Summit, we will publish an e-copy product book from the event, which we will distribute/share to our stakeholders and partners in any of our future events.

To participate, please e-mail to Ts. Nora Sheda (norasheda@miros.gov.my) or Ms. Hawa (hawajamil@miros.gov.my).

2021 ASEAN CRASH SUMMIT

7-8 DECEMBER 2021

ENHANCING SAFER VEHICLE THROUGH CRASH TEST

Organized by:
ASEAN NCAP
www.aseanncap.org
